

- Scirpus lacustris*, 181, 189, 194, 200, 202, 204, 205, 214, 217, 228, 230, 231, 235, 236, 237, 238, 239, 243, 244, 248, 249, 255, 328.
setaceus, 181, 233.
sylvatica, 254.
Scrophularia aquatica, 174, 328.
nodosa, 174.
Scutellaria galericulata, 175.
Selenastrum bibraianum, 332.
Senecio aquaticus, 173, 214.
Serratula tinctoria, 173.
Sida crystallina, 278, 316.
limnetica, 400.
Silene maritima, 171.
Silurus, 358.
Simocephalus exspinosus, 316.
vetulus, 316.
Sium angustifolium, 173.
Sparganium, 396.
minimum, 167, 179, 203, 204, 211.
natans, 179, 194, 199, 204, 208, 210, 223, 328.
ramosum, 166, 178, 179, 193, 214, 217, 249, 328.
simplex, 178, 193.
simplex, var. *longissimum*, 179, 255.
Sphaerophoron coralloides, 190, 218, 224.
Spherosoma, 332.
Sphagnum, 166, 204, 211, 240, 241, 357, 386.
acutifolium, 185, 203.
cuspidatum, 185, 329.
cuspidatum, var. *plumosum*, 185, 203.
cymbifolium, 185, 218, 256.
intermedium, 185, 256.
subsecundum, 185.
subsecundum, var. *viride*, 185.
Sphenoderia dentata, 326.
lenta, 326.
Spiraea ulmaria, 171, 193, 208, 214, 217, 253.
Spirogyra, 194, 235, 358.
crassa, 191, 217, 330.
Spirotaxia condensata, 330.
Spondyliosium pulchrum, 280.
Spongilla, 356.
fluvialis, 227.
lacustris, 324.
Stachys palustris, 175.
Staurastrum, 358.
anatinum, 280, 331.
angulatum, 331.
arcticon, 280, 331.
aristiferum, 331.
aversum, 280, 331.
avicula, 331.
bifidum, 331.
brachiatum, 331.
brasiliense, 279, 331.
brevispinum, 279, 332.
curvatum, 279, 332.
cuspidatum, 279, 332.
dejectum, 279, 332.
erianum, 280, 332.
turcigerum, 280, 332.
gracile, 280, 282, 332.
Staurastrum grande, 279, 332.
hibernicum, 332.
inelegans, 279, 332.
jaculiferum, 279, 282, 332.
longispinum, 279, 332.
lunatum, 280, 281, 332.
megacanthum, 279, 332.
ophaura, 280, 332.
paradoxum, 280, 281, 332.
pilosum, 332.
polymorphum, 332.
pseudopelagicum, 280, 332.
sexangulare, 280, 332.
subnubilbrachiatum, 280.
subpygmaeum, 332.
teliferum, 280, 332.
tumidum, 332.
turgescens, 332.
vestitum, 332.
Stauroneis anceps, 333.
Stellaria palustris, 171.
uliginosa, 171, 214, 217.
Stenostoma leucops, 318.
Stentor caeruleus, 324.
niger, 324.
pediculatus, 325.
polymorpha, 324.
viridis, 324.
Stephanoceros eichhorni, 320.
Stephanops stylatus, 322.
tenellus, 322.
Stratiotes aloides, 301, 328.
Streblocerus serricaudatus, 316.
Stylaria, 300, 318.
lacustris, 318.
lomondi, 318.
Stylodrilus gabretae, 292, 293, 318.
Subularia aquatica, 170, 195, 243.
Survirella biseriata, 281.
robusta, 281, 282, 333.
robusta, var. *splendida*, 269.
Symphytum officinale, 174.
Synchata, 278, 411.
fennica, 408.
grandis, 278, 321, 409.
oblonga, 321.
pectinata, 278, 321, 409.
tremula, 278, 321, 409.
Synedra pulchella, 333.
ulna, 281, 333.
Synura uvella, 327.
Tabellaria, 290, 411.
fenestrata, 280, 282, 303, 333.
fenestrata, var. *asterionelloides*, 303.
flocculosa, 280, 282, 303, 333.
Taphrocampa annulosa, 321.
selenura, 322.
Telphusa fluvialis, 550.
Tetmemorus granulatus, 330.
Tetracyclus lacustris, 333.
Tetraclron limneticum, 303, 333.
Thamnum lemani, 305.
Tintinnidium, 325.
Tintinnus, 325.
Topelidia palustris, 177.
Torophyllum meleagris, 324.
