

- Epilobium angustifolium*, 171, 210.
hirsutum, 171, 193, 249.
palustre, 171, 215, 327.
tetragonum, 171.
- Epithemia hyndmanni*, 269.
- Equisetum arvense*, 184, 210, 258.
limosum, 183, 194, 199, 203, 204, 206, 207, 209, 210, 211, 214, 217, 221, 222, 223, 228, 230, 232, 234, 237, 238, 239, 240, 243, 248, 249, 251, 253, 256, 257, 259, 329.
palustre, 184.
- Eremosphaera viridis*, 333.
- Eretmia*, 301.
cubeutes, 301, 324.
- Eriophorum polystachion*, 181, 193, 203, 204, 208, 211, 214.
vaginatum, 181, 193, 203, 204, 211.
- Euastrum affine*, 330.
ansatum, 330.
bidentatum, 330.
binale, 330.
crassum, 330.
denticulatum, 330.
didelta, 330.
divaricatum, 330.
inerme, 330.
oblongum, 330.
pectinatum, 330.
sinuosum, 330.
verrucosum, 279, 281.
- Eubostrichus*, 318, 319.
guernei, 319.
- Euchlanis deflexa*, 323.
dilatata, 323.
lyra, 323.
oropha, 323.
triquetra, 323.
- Eudorina elegans*, 332.
- Euglena*, 356, 390.
- Euglypha alveolata*, 326.
brachrata, 326.
ciliata, 326.
compressa, 326.
- Eunotia bidens*, 333.
gracilis, 333.
lunaris, 333.
pectinalis, 280.
- Eupatorium cannabinum*, 173, 215, 241.
- Euphrasia*, 424.
- Eurhynchium rusciforme*, 188, 195, 220, 329.
- Eury cercus lamellatus*, 316.
- Festuca ovina*, 210.
- Fissidens adiantoides*, 186.
- Floccularia campanulata*, 320.
mutabilis, 320.
onata, 320.
pelagica, 277, 300, 320.
- Fontinalis*, 301, 305, 381.
antipyretica, 162, 163, 184, 187, 188, 195, 198, 199, 203, 204, 207, 211, 214, 218, 238, 241, 258, 329, 357, 382, 385.
squamosa, 188, 195, 241.
- Fragilaria crotensis*, 280, 333.
- Fragilaria crotensis*, var. *contorta*, 303.
Fredericella sultana, 317.
Frullania tamarisci, 189.
Fuchsia, 212.
Fucus, 357.
- Furcularia forficula*, 322.
longisetia, 322.
quadrangularis, 322.
reinhardti, 278, 300, 322.
- Galium boreale*, 192.
palustre, 173, 328.
- Gammarus*, 298, 299, 318, 355, 367, 539.
pulex, 315.
- Gastropus stylifer*, 278, 301, 324.
- Genicularia elegans*, 279.
- Gentiana*, 424.
- Gerris costae*, 334.
- Girwanella problematica*, 402.
- Glenodinium*, 280.
cinctum, 334.
- Glaecapsa*, 333.
- Glaetrichia*, 333.
visum, 191, 245.
- Glyceria aquatica*, 183, 193, 236, 248, 329.
fluitans, 183, 194, 199, 203, 204, 208, 210, 214, 329.
- Gnaphalium uliginosum*, 173, 193, 250, 251.
- Gomphonema*, 255.
acuminatum, 333.
dichotomum, 333.
- Gomphosphaeria*, 358.
lacustris, 333.
- Gonatozygon monotaeum*, 279, 330.
- Gordius*, 318.
- Graptoleberis testudinaria*, 317.
- Grimmia apocarpa*, 186, 329.
apocarpa, var. *rivularis*, 186.
- Gronia nigricans*, 326.
- Gymnozyga moniliformis*, 332.
- Gyrator notops*, 319.
- Haliplus fulvus*, 315, 334.
ruficollis, 315.
- Halmomises*, 361.
- Haltica rufipes*, 421.
- Haplochromis desfontainesi*, 363.
- Hedwigia ciliata*, 186.
ciliata, var. *leucophæa*, 186.
- Heleocharis*, 253.
acicularis, 181, 195, 249, 251, 257.
multicaulis, 181, 194, 228, 243.
palustris, 181, 194, 202, 203, 204, 208, 214, 217, 225, 228, 230, 244, 245, 249, 251, 253, 259, 328.
- Heleochara petricola*, 325.
rosea, 325.
- Hemichromis rollandi*, 550.
sahare, 550.
- Heterocladium heteropterum*, 188.
- Hippurus vulgaris*, 171, 194, 208, 214, 217, 249, 251, 327.
- Hirundo medicinalis*, 318, 319.
- Holopedium*, 282, 283, 285, 411.
gibberum, 277, 287, 316, 336.
- Huitfeldtia rectipes*, 296, 313.
